# BOARD OF DIRECTORS' PERFORMANCE ASSESSMENT

Key Performance Indicator (KPI) is one of the measuring tools that can be used in assessing the performance of the Board of Directors. The formal basis for this assessment is the Minister of SOE Regulation Number: PER-11/MBU/11/2020 dated November 12, 2020 regarding Management Contracts and Annual Management Contracts for Directors of State-Owned Enterprises, which contain:

- 1. Obligation to sign the Management Contract by the Board of Directors. The Management Contract contains the promise or statement of the prospective members of the Board of Directors, namely that if he/she is reappointed/ reappointed as a members of the Board of Directors, he/she promises to fulfill all the targets set by the GMS/Minister, including KPI that have been previously determined, and apply the principles of GCG.
- 2. Performance appraisal based on KPI is determined collegially for the President Director, and individually for each member of the Board of Directors.
- 3. The establishment of five perspectives in collegial preparation of the KPI for the Board of Directors, namely:
  - a. Economic and social values for Indonesia;
  - b. Business model innovation;
  - c. Technology leadership;
  - d. Increased investment; and
  - e. Talent development.

The calculation of the achievement of the Board of Directors KPI is collegially and individually was evaluated by the Public Accountant Office (KAP) which audits Telkom's financial statements. The collegial achievement report of KPI is presented in Board of Directors' Collegiate Assessment section of this Annual Report.
